ABSTRACT

This eight-part factbook provides fall 1982 data on the facilities, faculty and staff, and full-time equivalent (FTE) and headcount enrollments at Milwaukee Area Technical College (MATC). After noting the factbook's purpose as a source of information for the school's management by objectives system, part 1 presents overall institutional data on square footage and average class size by division. Faculty/staff data are presented in part 2 by instructional area, sex, race, and age. Data on annual FTE's for the 1981-82 school year are provided in part 3 with respect to state codes/revenue status; method of calculating FTE's; number and percent of FTE's accepted by state code for 1977 to 1982; FTE's by location, campus, division, and revenue category; and FTE enrollment at MATC, 1976-1982. Part 4 examines overall district headcount enrollment by day/evening attendance, by semester from 1973, by FTE's generated, by full-/part-time status, by instructional division and program, by postal zip code, by ethnic group, and by sex. This section also examines enrollment trends; associate degree, college parallel, and transfer enrollments; enrollments of public and private high school graduates; and enrollments by specific geographic area. Parts 5 through 7 examine enrollment figures and trends with respect to instructional division, program, postal zip code, ethnic group, sex, and day/evening status for each of the four campuses in the district. MATC FACT BOOK

This document is a natural evolution of the MATC Planning Book. It contains all of the information previously contained in the Planning Book plus additional information concerning faculty, staff, and facilities. It is meant to be a standardized source of institutional data.

The FTE Section of this Fact Book contains annual FTEs for the 1981-82 school year. All other student information is for the first semester of the 1982-83 school year.

Whenever possible, the data for this year is presented in tables containing information from previous years. This enables the reader to note any trends. Graphs are also included in this Fact Book to help the reader indicate trends.

The second semester data for 1982-83 will be included in the Semester 2 Update of the Fact Book that will be produced by the Research, Planning, and Development Office in spring of 1983.

HIGHLIGHTS

An analysis of the Semester I statistics presented in this Fact Book shows the following:

1. First semester day headcount enrollments have increased steadily over the last ten years and first semester 1982 enrollments are at an all-time high of 16,665.

2. First semester evening headcount enrollments have increased for the last four years to 26,073 but are still not up to the high of 30,012 in 1974-75.

3. Total day and evening first semester headcount enrollments have increased to 42,738 over the last four years after a decline caused by the decreased evening enrollment.

4. The annual FTEs for 1981-82 increased 4.95 percent over 1980-81 to an all-time high of 13,235 and preliminary indications are that 1982-83 FTEs will be greater.

5. Associate Degree headcount enrollments in the fall of 1982 are at a high of 14,361 which is an increase of over 4,000 the last four years.

6. College Parallel fall day and evening headcount enrollments have decreased steadily from 3,696 in 1973-74 to 1,912 in 1980-81 and have stabilized at around 1,900 in the last three years.

7. First semester day and evening headcount enrollments at the South Campus have increased from 529 to 1,770 in the day and from 2,734 to 3,860 in the evening from initial opening of the campus in 1976 to 1982.

8. First semester day and evening headcount enrollments at the North Campus have increased from 688 to 1,177 in the day and from 1,141 to 1,530 in the evening from initial opening of the campus in 1976 to 1982.

9. The first semester day headcount enrollment at the Milwaukee Campus increased to a high of 11,082 in 1981 before decreasing to 10,898 in 1982.

10. The first semester evening headcount enrollments at the Milwaukee Campus have grown steadily since 1978 from 7,324 to 8,005.

11. The West Campus has shown a steady increase in first semester day headcount from 998 in 1976 to 1,698 in 1982.

12. Total enrollments at evening centers have steadily increased over the last four years. Some centers have increased while others have decreased.

13. Increases in enrollments over the last four years have been primarily due to large increases in Associate Degree students. Associate Degree Business enrollments have had the largest increases.

14. Vocational Adult and Community Service enrollments have remained stable over the last four years.

15. Apprentice day and evening headcounts have dropped from 2,224 in 1979-80 to 1,159 in the fall of 1982.

16. The fall 1982 district enrollment at MATC still remains predominantly female with 56.5 percent during the day and 62.4 percent in the evening.

17. MATC's first semester 1982 day headcount enrollment is 19.7 percent Black, 2.2 percent Hispanic, 2.3 percent Asian, and 1 percent Native American. Ethnic minority day enrollments are increasing.

18. MATC's fall evening headcount enrollment is 7.8 percent Black, 1.5 percent Hispanic, 1.3 percent Asian, and 0.5 percent Native American. Ethnic minority evening enrollments have been stable.

19. The median age of MATC full-time faculty as of September 1, 1982, was 46.

AGE DISTRIBUTION OF MATC EMPLOYEES

The age data summarized below is for employees with 50% or more work schedules as of September 1, 1982.

The median age of administrators and supervisors (50) was the highest. The median age of MATC employees of different job classifications is as follows:

	Median Age	Number
Faculty	46	616
Administrators/Supervisors	50	123
Professional	41	82
Trades	46	14
Custodial, Food, and Bindery Workers	49	135
Secretarial, Clerical, and Other Staff	38	369

VA = Vocational Adult
CS = Community Service (Nonaidable)

HHW
2/25/82

FTE CALCULATIONS

1. Associate Degree and College Parallel

   30 credits = 1 annual Full-Time Equivalent (FTE)

2. Vocational

   36 Potential Hours of Instruction (PHI) = 1 credit

   30 credits = 1 FTE

   36 PHI x 30 = 1,080 PHI = 1 annual FTE

   Included in this category: Developmental (VIP only); Short-Term Full-Time Programs; One- and Two-Year Vocational Diploma Programs; Adult High School; CETA; and Apprentice.

3. Vocational Adult

   40 PHI = 1 credit

   30 credits = 1 FTE

   40 PHI x 30 = 1,200 PHI = 1 annual FTE

   Included in this category: Adult Basic Education; General Adult; General Adult Exempt from Tuition - Basic Education, English as a Second Language, Group Dynamics, Eighth Grade Completion, GED; Homemaking (Occupational); and Occupational Adult.

4. Community Service

   40 PHI = 1 credit

   30 credits = 1 FTE

   40 PHI x 30 = 1,200 PHI = 1 annual FTE

   Included in this category: Nonaidable Conferences, Seminars, Institutes, Workshops; Cooperative Services (outside agency paying for services; Contract Service Nonaidable); Driver Education Theory; Driver Education Behind-the-Wheel; Adult Avocational (Nonaidable); Family Living (Nonfee, Nonaidable); and High School Contract.

AN ALTERNATE METHOD FOR CALCULATING FTEs

The FTE information on the preceding pages is for State VTAE reporting purposes. This information is appropriate for comparing FTEs within the VTAE System.

When comparing MATC's FTEs with FTEs for other colleges and universities, it may be appropriate to use an alternate method of calculating FTEs. The Wisconsin Association of Collegiate Registrars and Admissions Officers computes FTEs by the following definitions:

FTE = number classified as full time plus one-third of the number classified as part time.

Undergraduate Full Time: Carrying 12 or more semester hours.

MATC's Semester I, 1981-82 statistics are as follows:

Full Time	7,861
Part Time	8,804
Evening	26,073
Total Part Time	34,877

$$FTE = 7{,}861 + \frac{34{,}877}{3} = 19{,}48[illegible]^{*} \text{ (unofficial)}$$

*This number includes students enrolled in programs that four-year institutions call continuing education.
